Who may apply?

Graduate students and post-doctoral researchers in life sciences

smdp.icpdprograms.org

SMDP MedTech | San Diego, CA
OCTOBER 3-8, 2025

The one-year career mentoring program pairs economically disadvantaged **undergraduate and graduate** students with mentors who work at **medical technology** companies

Who may apply?

Undergraduate Juniors and Seniors, or BS degree, MS degree, PhD in Engineering or related disciplines

The **application deadline** for both programs is **April 4, 2025**

Applicants must be able to work in the US without needing a Visa and must be economically disadvantaged.

With their mentors, Scholars attend a 5-day training session to learn about career opportunities in the biotech, medtech or consumer healthcare industry and receive career development coaching, as well as attending a major industry conference.

Successful applicants receive

- ✓ One-year personalized career mentoring & guidance
- ✓ Conference accommodations, meals and conference registration
 - ✓ Registration for a major industry conference
 - ✓ \$500 in travel reimbursements
- ✓ Membership to online career oriented portal
 - ✓ Networking & career opportunities
